

Prof. Luo Hailing
Professor
College of Animal Science and Technology
China Agricultural University

Dear Professor Luo Hailing,

I'm pleased to invite you to visit our laboratory UMR PEGASE at Brittany-Normandy Centre of the French National Institute for Agriculture, Food and Environment (INRAE) from 4 to 9 August 2024. This visit will provide an opportunity for you to make a better understanding of our research programs, and to discuss our future cooperation possibilities in detail. You will be invited to visit the Charolais sheep selection organization at Charolles and our experimental facilities near Rennes. I would also accompany you to visit an agricultural college at Rennes (Institut Agro Rennes Angers), and present you the education program of college student in France.

We are looking forward to seeing you soon, and should you have any questions, please feel free to inform me.

The information described below is the schedule of the visit.
