

June 12, 2018

Dr. TIAN JIANHUI  
College of Animal Science and Technology, China Agricultural University

**Invitation to “Japan-Korea-China Young Researchers' & The 5th  
Japan-Korea-China Joint Symposia” and “The 111th SRD Annual  
Meeting” in Ueda, Nagano**

Dear Dr. TIAN JIANHUI

On behalf of the local organizing committee of Japan-Korea-China Joint Symposia 2018 and the 111<sup>th</sup> SRD Annual meeting in Ueda, we would like to invite you to these events.

The Japan-Korea-China Young Researchers' Symposium entitled "Organelle dynamics in Reproductive Biology" (September 12, 2018), and the 5th Japan-Korea-China Joint Symposium entitled "Focus on advanced technologies for Animal Reproduction" (September 16, 2018) will be held at Shinshu University Ueda Campus in Ueda, Nagano. We would like to ask you to participate in the Symposia. The SRD annual meeting will take place in the same venue at September 13–15. Please attend the meeting for your interests. We are updating the detailed program occasionally. Please visit the following website:

<http://reproduction.jp/NewHP/Meeting.html>

After the symposium on September 16, we will have a get-together party in a university restaurant. We will also invite you to it.

Please note that this invitation does not contain financial support according to the agreement that three societies had confirmed at the 1st symposium held in Tianjin, China 2010.

Thank you again for your participation. We look forward to seeing you in Ueda.

Sincerely,

Takashi Miyano, Ph.D.  
President, the Society for Reproduction and Development (SRD)

Shinichi Hoshi, Ph.D.  
Chair, the 111<sup>th</sup> SRD Annual Meeting

May 24, 2018

Dr. Lei AN  
China Agricultural University, China

**Invitation to “Japan-Korea-China Young Researchers' & The 5th  
Japan-Korea-China Joint Symposia” and “The 111th SRD Annual  
Meeting” in Ueda, Nagano**

Dear Dr. Lei AN

On behalf of the local organizing committee of Japan-Korea-China Joint Symposia 2018 and the 111<sup>th</sup> SRD Annual meeting in Ueda, we would like to invite you to these events.

The Japan-Korea-China Young Researchers' Symposium entitled "Organelle dynamics in Reproductive Biology" (September 12, 2018), and the 5th Japan-Korea-China Joint Symposium entitled "Focus on advanced technologies for Animal Reproduction" (September 16, 2018) will be held at Shinshu University Ueda Campus in Ueda, Nagano. We would like to ask you to give a talk entitled "Role of retinoic acid in initiating X-chromosome inactivation during preimplantation stage and its implication in skewed sex ratio following in vitro fertilization" in the Symposia. The SRD annual meeting will take place in the same venue at September 13–15. Please attend the meeting for your interests. We are updating the detailed program occasionally.
